RE: Contract Withdrawal for Brown Large Lot Subdivision,  
Docket No. UW150507

Dear Mr. King,

Pattison Water Company Inc. hereby requests a withdrawal of our recent submittal of two contracts (Docket No. UW-150507) for a water line extension to serve two lots in a large lot short plat. We are requesting a withdrawal at this time as we are in negotiation with a third party to a new contract. We believe that if we can come to an agreement with the additional third party that we can offer a better deal to the original signers of the contract. The third party would be in position to grant an easement for the project that would lower the cost of the construction.

This withdrawal is being requested by Mr. James S. Casebolt, President of Pattison Water Company. Mr. Casebolt has authorization to request this withdrawal

Very truly yours,

James S. Casebolt  
President
