

# REDACTED CONFIDENTIAL ATTACHMENT A

**1. Date of request 4/22/2015**

**2. Location of service and reason for the specific request.**

*We are now upgrading their PBX and will be adding DID's to all numbers at the facility.*

**3. Quantity of TNs customer requires and (if applicable) any existing TNs that will be returned. For example:**

**4. Date customer wants TNs available for service and the date they will actually be used. For example:**

*will transition to the new numbers*

**5. Specific TN range requirements, and why those ranges are needed.**

*needs the new number range because the current prefixes available do not have an open block of 400 DID's.*

**6. If required by the customer: Specific NXX requirements/restrictions, and the reason for the specific request. For example:**

*cannot use blocks that begin with 2 because of internal dialing plan.*
