Rate Increase Filing

Dear Director King:

The Company requests an increase in rates due to the increased cost of system operation, primarily in the maintenance of the distribution lines and their related facilities. The requested increase in annual revenue is \$7,600, or 17%.

The current rates, effective as of December 1, 2010, are based on an estimated cost of maintenance according to the history of that time. As the system ages the actual costs are increasing dramatically.

In accordance with the Revised Sheet No. 22 of our tariff (see attached) we propose that the rate increase begin on January 1, 2016.

In support of the filing the company has chosen a test period of January 1, 2014 through December 31, 2014.

Please call me at 360-320-0589 if you have any questions. My E-mail address is r.p.fakkema@comcast.net.

Sincerely,

R.P. Fakkema, Secretary
Crosswoods Water Co., Inc.
