RE: Tariff Submittal, Tariff Number 14 for Empire Disposal, Inc. G-75.

Dear Mr. King:

Our Company was notified by the Spokane Utilities Division that the tipping fee at the Waste to Energy Plant will increase from \$102.39 to \$105.36 per ton, a (2.9%) increase, Notification attached. This will increase revenue for the residential customers by \$805 (.29%); commercial customers by \$310 (.28%); and drop box service by \$170 (2.9%) for a 12-month period. There are approximately 1,080 residential, 90 commercial and 2 drop box customers affected by this change.

The last general rate increase for Empire Disposal was approved by the Commission, September 1, 2013.

As instructed by the UTC staff during the audit of TG-132227 and TG-132228 the audited calculations have been updated with the increase in tipping fees, no changes to tonnage or customer count have been made.

Attached are revised pages as well as supporting documentation to justify this increase. If these rates are approved by the Washington Utilities and Transportation Commission they will become effective January 1, 2016. Pursuant to WAC 480-70-271(2) (iii), affected customers will receive notification of the change on the first billing reflecting the revision to rates.

We also request that the Commission, on its own Motion under WAC 480-07-370 (b), allow this disposal fee filing as an exception to the general rate case workpaper rule at WAC 480-07-520.

If you have any questions regarding this filing, please contact me at (360) 832-8749, or via email at irmgardw@wcnx.org.

Sincerely,

Irmgard R Wilcox
Senior Pricing Manager
