I am the President of Lile International Companies, a participant in the regulated HHG Moving sector in Washington State (CC12233). Lile is in favor of the proposal to add a tariff provision which allows us to pass along Credit Card Processing Fees to the consumer wishing to pay for their move with a credit card. The merchant fees range anywhere from 1.5 to 3.5% and while it may represent a convenience for our customers it represents an additional cost of doing business for the company. Given low margins in our industry (target is +/- 5% range), if the customer wants the convenience it makes sense that they should, with appropriate notice, reimburse us for this fee.
