COMMISSION

In Docket TR-180387, the Commission approved closure of an at-grade crossing and construction of a new overcrossing by Order 01, effective May 8, 2018. The Order, in §12(1) states:

The Petitioner must notify the Commission upon completion of the construction. The crossing is subject to inspection by Commission staff, to verify that it is in full compliance with applicable laws and regulations.

The City of Kent did not inform the Commission of completion of the project. However, a review of Commission records shows that the at-grade crossing was closed August 16, 2021; and the over-crossing was opened to traffic in June 2021.

This matter is now closed.
