Subject: RE: Chelan County PUD approval for UTC funding request

Hi Mike,

I've now looked at the crossbucks and gates at the six crossings on the current UTC funding request for CSCD. All crossbucks need to be replaced due to noncompliant reflectivity except at 7th street Brewster, those two are okay. There are no 2-track signs currently at A street, Tonasket. All gate arms need to be replaced due to noncompliant reflectivity and/or diagonal red & white edges, not vertical—vertical edges are, to the best of my knowledge, specified by the current standard.

Thanks,
Kevin
