RE: Commodity Adjustment for Tariff Number 9.3, Certificate Number G-98, City Sanitary, Joe's Refuse, White Pass Garbage

Dear Mr. Johnson:

Attached please find revised pages for Tariff Number 9.3, as well as supporting documentation for the commodity adjustment. Tariff pages 1, 23, 25, 28 and 29 are affected by this change.

In area RSA-1 the residential and multi-family adjustment will decrease from a debit of \$2.45 to a debit of \$1.73, a decrease of \$.72 (29%) per customer, per month. There are approximately 61,000 customers affected by this change. In Thurston County Below 142nd the residential adjustment will decrease from a debit \$2.19 to a debit of \$2.09, a decrease of \$.10 (5%) per customer, per month. There are approximately 25,900 customers affected by this change. The multi-family adjustment will decrease from a debit \$2.35 to a debit of \$2.09, a decrease of \$.26 (11%) per customer, per month. There are approximately 1,700 customers affected by this change.

Recycling commodity markets appear to have stabilized. We are no longer requesting a waiver from WAC 480-70-351(2). The calculation uses the most recent six-month historical period to estimate the recycling commodity expense/commodity adjustment. The true-up is also based on the most recent six months data. The true up is then divided by a 12-month customer count because the commodity price adjustment will be adjusted again effective January 1, 2021.

If approved by the Washington Utilities and Transportation Commission, the revised commodity adjustment will go into effect on January 1, 2020. Pursuant to WAC 480-70-271(2)(a)(vi), affected customers will receive notification of this change on the billing reflecting the revised rates.

If you have any questions regarding these revisions, please contact me at (360) 695-4923 or via email at heatherg@wcnx.org.

Sincerely,

Heather Garland
