UTIL. AND TRANSP.
COMMISSION

In Docket TR-200181, the Commission approved construction of a new railroad undercrossing by Order 01, effective April 10, 2020. The Order, in §15(2) states:

Upon completion of the project authorized herein, Thurston County must notify the Commission within 60 days. Acceptance of the changes is subject to inspection by Staff, verifying that the undercrossing is in full compliance with applicable laws, regulations, and the conditions specified herein.

Thurston County did not inform the Commission of completion of the project. However, a review of Commission records shows that Rail Safety staff inspected the crossing on June 24, 2021. Records and photographs confirm construction of the crossing is complete and in compliance with Order 01 in TR-200181.

This matter is now closed.
