RE: Docket No TC-200279 “DO NOT RE-DOCKET” Request for a revision to Time Schedule No. 36, Page 2 of 3, for Lake Chelan Boat Company, Certificate No. 34, with an effective date of 04/20/20; However, requesting to allow this effective as immediately as possible, per the LSN previously submitted.

To Whom It May Concern,

With the current state of concerns with COVID-19, Lake Chelan Boat Company is requesting a continuation of the current time schedule of the Lady Cat, Table 2, through May 4, 2020. This also affects Table 1 - Lady of the Lake II. It changes the starting summer season runs of that time schedule to May 5th instead of May 1st.

This allows us to take care of minimum essential travel, freight, and mail, with the least exposure to the public and crew. Per advice from Mike Young of the UTC, we are requesting this be done with the LSN currently in place to allow a seamless approval from what is currently in place and effective through April 17, with the extension of the same through May 4, 2020.

A copy of the Notice to the Public was sent through the portal on April 6th with the original filing. It will be posted at the main Chelan office, on board the Lady Cat, on our website, and distributed by way of other social media and electronic means.

We will continue to monitor the situation and follow guidance from health and government authorities to determine what further actions may need to be taken. We feel this is an emergency situation and we respectfully request approval of this request.

Thank you for your assistance and guidance.

Sincerely,
Reed Courtney
