RE: Commission Staff's Letter Confirming Compliance
DG-210743, Northwest Custom Concrete - Investigation # 8393

Dear Ms. Maxwell

Commission staff (staff) has reviewed the compliance order for Northwest Custom Concrete, (NWCC or Company) dated October 11, 2021. Compliance with the order required the following:

- The Company is to pay a \$200 portion of the penalty amount, suspend and ultimately waive the remaining \$800 portion of the penalty.
- The Company supervisors and applicable field staff attend NUCA Dig Safe online training and;
- The Company incurs no other dig law violations within 12 months.

On October 26, 2021, Northwest Custom Concrete notified the Commission of its acceptance of the conditions. On October 28, 2021, the Company made a \$200 payment. On October 9, 2022, the Company verified the completion of the training, and the Company has not incurred any additional violations of the dig law since the penalty assessment.

Staff believes Northwest Custom Concrete has fully complied with the Commission's order, and further compliance under this order is no longer necessary. Staff recommends the Commission waive the suspended \$800 penalty amount and close the docket.

Sincerely,

Sean Mayo
Pipeline Safety Director
