YOU MUST RESPOND WITHIN 15 DAYS OF THIS NOTICE

The Washington Utilities and Transportation Commission (Commission) believes that Avista Corporation (Avista or Company) violated Revised Code of Washington (RCW) 19.122.030(3)(a) by failing to provide the excavator with reasonably accurate information by marking the location of its underground locatable facilities.

RCW 19.122.070(1) states, in part, that violations of any provision of the chapter are subject to a civil penalty of not more than \$1,000 for an initial violation and not more than \$5,000 for each subsequent violation within a three-year period.

On February 15, 2023, the Safety Committee heard case 22-030 filed by M&L Construction (Complainant) against Avista and determined Avista violated RCW 19.122.030(3)(a) by failing to provide the excavator with reasonably accurate information by marking the location of its underground locatable facilities. The Safety Committee recommended that the Commission impose a \$5,000 penalty.

Commission staff (Staff) conducted an investigation that included reviewing documents, reports, and communications with the Safety Committee and all parties involved.

The Commission reviewed findings and recommendations made by the Washington State Dig Law Safety Committee (Safety Committee) and hereby notifies you that it is assessing a \$5,000 penalty (Penalty Assessment) against you on the following grounds:

1. **Alleged Violation(s):**

The Complainant states that on July 18, 2022, during the process of hydro excavation, it was unable to locate a gas facility that had been located by Avista. M&L reported that the gas facility was eventually located 15 feet from the locate marks. The complainant states Avista failed to accurately locate its facilities.

2. **Analysis:**

The alleged violation concerns RCW 19.122.030(3)(a), which states, in part, that a facility operator must provide the excavator with reasonably accurate information by marking the location of its underground facilities. M&L had a valid locate ticket for 1628 E 16th Ave., Spokane, WA. The complainant reported that on July 18, 2022, it potholed on both sides of the gas locates and was not able to locate the facility. M&L then called the locate company to explain it had not been able to find the gas line. The locator responded to the address and was able to locate the line approximately 15 feet away from the original location markings. Avista acknowledged that this locate was inaccurate but argued that M&L should have done this project in phases, in which case it believes the outcomes would have been more accurate.

The Commission considered the following factors in determining the appropriate penalty amount for the violation:

1. **How serious or harmful the violation is to the public.**

This incident could have caused severe harm to employees, or the public, and could have resulted in additional undue expenses and hardships.

2. **Whether the violation is intentional.**

The violation does not appear to be intentional, but rather due to negligence by Avista and its locators. Over the past 24 months (March 2021-March 2023), Avista has been penalized by the Commission on nine occasions for violations of RCW 19.122.030. Avista is aware of the requirements to comply with the dig law but does not appear to be making significant progress to improve its practices.

3. **Whether the company self-reported the violation.**

Avista did not self-report the violation. The Commission became aware of the violation after the Complainant filed a complaint with the Safety Committee.

4. **The likelihood of recurrence.**

The likelihood of recurrence depends on Avista’s actions going forward, and its ability to ensure that its contract locator and its contract locator’s processes are sufficient to comply with the requirements of the dig law.

5. **The Company’s previous violations and penalties.**

During the past 24 months, the Commission has issued Avista nine Penalty Assessments of \$5,000 each for violations of RCW 19.122.030 as follows:

D-230005	3-13-23	Penalty Notice \$5,000	RCW 19.122.030(3)a
D-230007	2-22-23	Penalty Notice \$5,000	RCW 19.122.030(3)a
D-220230	5-26-22	Penalty Notice \$5,000	RCW 19.122.030(3)a
D-220112	3-29-22	Penalty Notice \$5,000	RCW 19.122.030(4)a
D-220111	3-29-22	Penalty Notice \$5,000	RCW 19.122.030(3)a
D-210605	12-28-21	Penalty Notice \$5,000	RCW 19.122.030(3)a
D-210636	9-23-21	Penalty Notice \$5,000	RCW 19.122.030(4)a

D-210635	9-23-21	Penalty Notice \$5,000	RCW 19.122.030(4)a
D-200814	3-18-21	Penalty Notice \$5,000	RCW 19.122.030(3)a

Staff would like to remind Avista of the requirements in 49 C.F.R 192 and WAC 480-93 related to the Company's responsibility for contractors, locating facilities, and facility maps.

The Commission has considered these factors and agrees with the Safety Committee's findings of probable violation and penalty recommendation, as follows:

- \$5,000 Penalty Assessment for one violation of 19.122.030(3)(a) for failing to provide the excavator with reasonably accurate information by marking the location of its underground locatable facilities.

These facts, if proven at a hearing and not rebutted or explained, are sufficient to support the Penalty Assessment.

Your penalty is due and payable now. If you believe the violation did not occur, you may deny committing the violation and contest the penalty through evidence presented at a hearing or in writing. Or, if there is a reason for the violation that you believe should excuse you from the penalty, you may ask for mitigation (reduction) of the penalty through evidence presented at a hearing or in writing. The Commission will grant a request for a hearing only if material issues of law or fact require consideration of evidence and resolution in a hearing. Any request to contest the violation or for mitigation of the penalty must include a written statement of the reasons supporting that request. Failure to provide such a statement will result in denial of the request. *See* RCW 81.04.405.

If you properly present your request for a hearing and the Commission grants that request, the Commission will review the evidence supporting your dispute of the violation or application for mitigation in a Brief Adjudicative Proceeding before an administrative law judge. The administrative law judge will consider the evidence and will notify you of their decision.

You must act within 15 days after receiving this Penalty Assessment to do one of the following:

- Pay the \$5,000 penalty amount due; or
- Request a hearing to contest the occurrence of the violations; or
- Request mitigation to reduce the amount of the penalty.

Please indicate your selection on the enclosed form and submit it electronically through the Commission's web portal at <https://efiling.utc.wa.gov/Form> within **FIFTEEN (15) days** after you receive this Penalty Assessment. If you are unable to use the web portal, you may submit it via email to records@utc.wa.gov. If you are unable to submit the form electronically, you may send a paper copy to the Washington Utilities and Transportation Commission, P.O. Box 47250, Olympia, Washington 98504-7250.

If you wish to make your payment online, please use this link: [Make a Payment Now \(wa.gov\)](#).¹

If you do not act within 15 days, the Commission may refer this matter to the Office of the Attorney General for collection.

DATED at Lacey, Washington, and effective April 17, 2023.
