## SCHEDULE NO. 2 METERED RATE SERVICE

## **Availability**

This schedule is available in all Water Service Areas served by the Utility and at Utility's option and capability to maintain Department of Health's standards of quantity and quality.

#### **Applicable**

Applicable to each customer served by the Utility on a metered basis.

## **Conditions**

The charge for this service is not subject to cancellation or reduction for seasonal or temporary periods, unless seasonal rates apply per this tariff. This charge will be the monthly minimum bill for this class of service.

All metered rate service base rate(s) have zero allowance for the water usage. Base rate charge(s) and water usage block(s) are modified by the meter size factor.

Usage rates for each block are shown per 100 cubic feet (cu.ft.).

Billing for any block shall be calculated on a per cubic foot amount used and based on the usage rate charge of that block.

## **Monthly Charges**

Each connection or customer.

# SCHEDULE NO. 4 SERVICE CONNECTION CHARGE

#### **Availability**

This schedule is available in all Water Service Areas served by the Utility and at Utility's option and capability to maintain Department of Health's standards of quantity and quality.

#### **Applicable**

Applies to all new applicants for properties not currently served and within the Commission Service Area (as defined in the tariff) for the Utility only when surplus system capacity is available, and a direct connection can be made to an existing main that has adequate hydraulic capacity.

#### **Conditions**

- 1. A charge will be made the first time a customer's service pipe, 3/4-inch or smaller, is connected from the Utility's main to the customer's property line. This charge does not include the cost of a service meter, or its installation. A service meter will be furnished, installed, and maintained by the Utility without direct cost to the customer.
- 2. The Utility owns and maintains all materials involved in making a service connection.
- 3. The service connection charge must be paid before the water is turned on.
- 4. In addition, when it is necessary to cross an existing road (by boring or cutting) the cost of the crossing and road permit fees or other charges, will be in addition to the Service Connection Charge.
- 5. Service meter will be placed in a suitable meter box located at the customer's property line, except when this is not practicable. The service meter will be installed upon the customer's premises in some convenient location approved by the Utility where the service meter, will at all times, be accessible for reading, inspection, and testing. (See Rule 9 & 10)
- 6. Service Connections will be installed within thirty (30) days from payment, unless prior arrangements in writing are agreed upon by both the customer and the Utility. At the time the service connection is installed, the customer shall be transferred to Schedule 3, Ready to Serve.
- 7. Any Service Connection larger than 3/4-inch service requires a 'Labor and Material Contract.'
