Docket:

TG-931585

Company Name:

Seattle Disposal Co., Rabanco Ltd., d/b/a Eastside

Disposal and Container Hauling, G-12

Staff:

Layne Demas, Revenue Requirements Specialist Curt Bjorkheim, Revenue Requirements Specialist Nancy Stanton, Public Involvement Coordinator

Recommendation:

Approve the filing by Eastside Disposal in Docket TG-931585 with staff recommended rates to become effective February 15, 1994.

Discussion:

On December 28, 1993, Eastside Disposal filed for increased residential garbage and residential recycle rates in Docket TG-931585. The primary reasons for the filing are to recover wage increases, recycling cost increases, and increased B&O taxes. Rabanco Recycle, an affiliated company, has increased the processing fee for recyclable products. Staff has reviewed the recycling processing fee and is of the opinion that it is fair, just, and reasonable. The company is filing for increased residential garbage and recycle rates.

Eastside Disposal serves approximately 22,000 residential and 1,000 commercial regulated customers in King County on the east side of Lake Washington. It also has service contracts with the cities of Bellevue, Mercer Island and Lake Forest Park.

The Commission received 136 letters opposing the proposed rate increase. Customers believe the proposed rate increase is excessive. Many state that they are living on fixed incomes and believe that the company could better control costs. Customers also state that they feel they are doing their part in recycling and believe their efforts at reducing waste should help lower costs. Customers also express concerns that escalating rates will result in an increase in illegal dumping.

Staff has completed an investigation of Eastside Disposal's separated regulated books and records for the test period ended June 30, 1993. The results of this investigation are shown on Attachments 1, 2, 3, and 4. The company resubmitted the appropriate revised pages at staff recommended levels on February 3, 1994.

The following table represents a sampling of current, proposed, and staff recommended rates:
