Subject: US Moorings Project Area Phase 2 Pre-Design Investigation Daily Progress Report, June 22, 2023

Hunter,

The following is the June 22, 2023, daily progress report for the pre-remedial design investigation being conducted at the US Moorings Project Area in accordance with the *Final Revised First Phase Pre-Remedial Investigation Data Summary Report and Second Phase Pre-Design Investigation Work Plan* (Second Phase PDIWP) (Anchor 2023) dated June 6, 2023. This was the sixth day of the investigation.

We have collected two out of the three locations adjacent to AAC operations, however one location (PDI-110) remains blocked by AAC equipment. We will attempt this location Friday if the equipment has moved but if not, it will be attempted during the second mobilization to complete this scope of work.
