

WUTC Data Request 63

In testimony, Mr. McVee states “[i]ndeed, the Commission has already approved several of the adjustments in the CEIP Biennial Update in other proceedings.” MDM-2T at 5:10-11. Please explain with particularity, the factual basis for this statement, including, but not limited to, all citations, including page number and paragraph number, to the orders upon which you base this factual assertion.

Response to WUTC Data Request 63

PacifiCorp objects to this data request as unduly burdensome, as it requests information that has been previously answered in prior Washington Utilities and Transportation Commission (WUTC) staff data request, specifically the Company’s responses to WUTC Data Request 57 and WUTC Data Request 58. The Company also objects as this information is publicly available on the WUTC’s website, and already within WUTC staff’s possession. Notwithstanding these objections, the Company responds as follows:

Please refer to the following:

- Please refer to the Company’s response to WUTC Data Request 57.
- Please refer to the Company’s response to WUTC Data Request 58.
- WUTC staff testimony in dockets UE-230172 and UE-210852 (consolidated) sections relating to the Colstrip and Jim Bridger facilities, specifically, WUTC staff’s agreement with PacifiCorp’s proposal to extend the depreciable lives of Colstrip Unit 4, Jim Bridger Unit 3 and Jim Bridger Unit 4 to the end of 2025, finding that eliminating those facilities from rates now without a legal requirement to do so would increase rates unnecessarily (Exhibit CRM-1T at 20:4-11 and, generally, Section V.C.2).
- The stipulation in dockets UE-230172 and UE-210852 (consolidated) sections relating to the Colstrip and Jim Bridger facilities.
- WUTC Order No. 08/06 in dockets UE-230172 and UE-210852 (consolidated) sections relating to the Colstrip and Jim Bridger facilities.
