**NOTICE OF OPPORTUNITY TO RESPOND TO ICNU REQUEST  
TO SUBMIT RESPONSE TESTIMONY  
(Tuesday, June 14, 2002)**

RE: Washington Utilities and Transportation Commission v. PacifiCorp, d/b/a Pacific  
Power and Light,  
Docket No. UE-001734

TO ALL PARTIES:

On June 7, 2002, Industrial Customers of Northwest Utilities (ICNU) filed a motion for leave to submit response testimony by July 15, 2002. Prior to the August 2001, suspension of the procedural schedule to accommodate settlement negotiations, the due date for filing response testimony was July 2, 2001. Commission Staff and Columbia Rural Electric Association (CREA) filed response testimony; ICNU and Public Counsel did not.

Unfortunately, negotiations did not succeed in settlement, and the Commission re-established a procedural schedule on May 30, 2002. ICNU proposes that the ten-month suspension of the procedural schedule warrants a re-evaluation of the proceeding and that it be allowed to file testimony. In addition, ICNU suggests that Staff/and Intervenors be given an opportunity to file additional testimony.

**Parties who wish to respond to ICNU's motion should do so in writing filed by June 14, 2002; service should be effected simultaneously with filing.**

Sincerely,

KAREN M. CAILLÉ  
Administrative Law Judge
