Re: *Washington Utilities and Transportation Commission v. Murrey's Disposal Company, Inc., et al.*, Dockets TG-111672, TG-111674, TG-111681 & TG-120073 (consolidated)

TO ALL PARTIES:

The Washington Utilities and Transportation Commission (Commission) entered Order 06/05/04, Final Order Rejecting Tariff Filings, in the above-referenced dockets on December 28, 2012 (Order 06/05/04). The Order, among other things, rejected tariff filings by Murrey's Disposal Company, Inc., American Disposal Company, Inc., Mason County Garbage Co., Inc. d/b/a Mason County Garbage, and Harold LeMay Enterprises, Inc. d/b/a Pierce County Refuse (collectively Respondents), and required each Respondent to make compliance filings that credit to residential customers all recycling revenues each company retained during its 2011-12 recycling revenue sharing plan period. The Commission delegates to the Commission Secretary the authority to approve by letter compliance filings made to comply with the terms of Order 06/05/04.

On January 7, 2013, the Respondents filed tariff sheets as specified in Order 06/05/04.

On January 14, 2013, the Respondents filed substitute tariff sheets reflecting the return of all retained revenues.

- For both Murrey's Disposal Company, Inc. and American Disposal Company, Inc., the monthly credit per single-family customer increases from \$1.69 to \$4.81. For multi-family customers, the per-yard credit increases from \$0.76 to \$2.08 per yard.
- Harold LeMay Enterprises, Inc. d/b/a Pierce County Refuse customers will see single-family residential customers' monthly credits increase from \$1.75 to \$2.25.

- Mason County Garbage Co., Inc. d/b/a Mason County Garbage customers will see single-family residential customers monthly credits increase from \$2.20 to \$3.32.

The net effect on rate payers will be a refund of approximately \$1.8 million in recyclable commodity revenues each company retained during the 2011-12 recycling revenue sharing plan period.

For Murrey's Disposal Company, Inc., American Disposal Company, Inc., and Harold LeMay Enterprises, Inc. d/b/a Pierce County Refuse, no recyclable commodity revenue sharing plans will be in effect through February 28, 2014.

On January 28, 2013, the Respondent's filed additional substitute tariff sheets correcting tariff page revision numbers.

A list of the tariff sheets are attached to this letter. The Commission has examined the filings, and they appear to comply with the terms of Order 06/05/04.

Therefore, the January 28, 2013, revised tariff sheets indicated on the attachment to this letter will become effective as filed with an effective date of February 1, 2013.

Sincerely,

DAVID W. DANNER
Executive Director and Secretary
