Re: **Boomerang Wireless, LLC d/b/a enTouch Wireless Lifeline Broadband
Provider Designation**

Dear Mr. King:

This notice is to inform the Commission that Boomerang Wireless, LLC d/b/a enTouch Wireless ("Boomerang") received its federal designation as a Lifeline Broadband Provider ("LBP") for the provision of Lifeline Broadband Internet Access Service ("BIAS") on December 1, 2016 (Order No. DA 16-1325).

On March 31, 2016 the Federal Communications Commission ("FCC") adopted its Lifeline Modernization Order which included BIAS as a supported Lifeline service and established a 60-day streamlined federal LBP designation process under Section 214(e)(6) of the Act. On October 3, 2016, Boomerang filed its application with the FCC for designation of Boomerang as an LBP ETC, and Boomerang was designated on December 1, 2016.

Boomerang received its ETC designation in Washington in Docket No. UT-121610 and will continue to operate under that ETC designation within your state. Should a qualifying consumer residing outside of our ETC service area request LBP services, Boomerang is obligated to provide those services.

Please let me know if you have any questions or require additional information. I can be reached at 319-743-4640 or jrcarter@readywireless.com.

Sincerely,

A handwritten signature in blue ink that reads "Julia Redman-Carter".

Julia Redman-Carter
