B.1.d. (Cont'd)

- A credit is not applicable if the customer reschedules the appointment or is not available at the time of the appointment and that unavailability prevents the completion of the scheduled work.

e. Credit for missed Guaranteed Appointment or Guaranteed Commitment

- (1) The credit will be applied automatically to the customer's account for failure to keep a Guaranteed Appointment or Guaranteed Commitment if the customer requests installation of a new or subsequent service or repair that is not completed as agreed for Company reasons, subject to the conditions in d., above.

CREDIT

- Credit for missed Guaranteed Appointment or Guaranteed Commitment
 - Residence-class \$25.00
 - Business-class 50.00

(T)

- (2) Each credit shall be limited to the amount specified above for each service order or trouble report.

2. Delayed Primary Basic Exchange Alternative

Primary basic exchange service is defined as the first residential line or first two business lines at a given location (address). If the Company is unable to provide primary basic exchange service (service) within five business days of the due date, and the reason for the delay is caused by the Company, the Company will:

- Credit the monthly recurring charge;
- Credit the nonrecurring charge,
- Assign a telephone number,
- Provide a Directory Listing and,
- Remote Call Forwarding and,
- Voice Messaging Service.

3. Allowance For Service Interruptions

- a. Customers who have an out-of-service condition (no dial tone) on their lines that is not cleared within two working days (excluding Sundays and holidays) will receive a credit of \$5.00.
- b. If the out-of-service condition exceeds seven calendar days, the customer will receive a credit equal to their monthly local exchange service rate, including any associated regulated features for the month in which the outage occurred.
- c. These credits do not apply if the out-of-service condition or the Company's inability to clear the condition is due to:
 - Emergency situations
 - Unavoidable catastrophes
 - Force majeure
 - Work Stoppage
 - Inside wiring
 - Customer premises equipment

4. Trouble Report Rate Credit

- a. In the event the Company has an exchange with a trouble report rate greater than 4.0 per one hundred access lines for two consecutive months, or four months out of a twelve month period, the customers served by that exchange will receive a credit of \$0.25 per line. The credit will not exceed \$0.25 in any month.
- b. The credits do not apply to trouble reports:
 - Related to customer premises equipment,
 - Extraordinary or abnormal conditions of operation, such as those resulting from emergency or catastrophe,

5.2.6 TELEPHONE ASSISTANCE PROGRAMS

A. Washington Telephone Assistance Program (WTAP)

1. Description

The WTAP is designed to help low income households afford access to local exchange telephone service. The program is only available to customers who meet eligibility requirements established by statute. Residents of Tribal lands can also qualify for the Federal portion of the Lifeline program based on terms and conditions for Tribal Lifeline.

2. Terms and Conditions

a. Certain qualifying residential customers are eligible for service under the WTAP. See the appropriate sections of the Washington Administrative Code (WAC) 388-273. If eligible, the program includes the following:

- An \$8.00 statewide rate for the lowest grade of residential flat rate service. Where available, single-party service shall qualify as the lowest available flat rate for persons otherwise eligible, who are sixty years of age or older, or who receive medical assistance. This condition is in accordance with WAC 388-273.
- A waiver of any deposit for local service.
- A 50% reduction in the installation charges associated with installing the access line.

• Flat individual line (1FR)[2]	ASGFT	\$9.50 (I)
• Federal credit towards CALC	ASGFR	5.87
• Lifeline credit	ASGF2	3.00 (I)

[1] The ASGFR and ASGF2 credits from the Lifeline Assistance Program totaling \$8.87 apply in addition to the Tribal Lifeline credit. The FCC Lifeline Program consists of a monthly federal baseline support of \$5.87 (ASGFR). The Tribal Lifeline Credit is up to \$25.00, but no more than necessary to reduce the Tribal Lifeline rate to \$1.00. (C)

[2] The credit amount is calculated by adding the 1FR rate of \$13.50 plus the \$5.87 subscriber line charge together. An ASGFR and ASGF2 credit of \$8.87 is subtracted from the total and the remaining difference less \$1.00 which is the minimum Tribal Lifeline rate allowed, is the credit amount. For example: $(\$13.50 + \$5.87 = \$19.37 - \$8.87 = \$10.50 - \$1.00) = \$9.50$ credit. (C)

Call Trace

Allows a called party to initiate an automatic trace of the last call received. Call Trace is available on a pay per use basis only. After receiving the call which is to be traced, the customer dials a code and the traced telephone number is automatically sent to the Company for action. The customer originating the trace will not receive the traced telephone number. The results of the trace will be furnished only to legally constituted law enforcement agencies or authorities upon proper request by them.

C. Terms and Conditions

1. Actual operation and performance of Custom Calling Services are subject to operational limitations and restrictions that exist in the equipment types, software releases, terms of interconnection with other networks, industry specification and the like.
2. Custom Calling Services will be provided where technically and/or economically feasible and are furnished only from central office areas where facilities permit, as determined by the Company. Features may work only within the local calling area, where all central offices that handle the call and all exchanges through which a call is routed are equipped with the necessary technology and compatible signaling and other interconnection agreements with non-Company providers exist. Without limiting the foregoing, these services are subject to, but not limited to, operational limitations and restrictions in equipment types, software releases, terms of interconnection with other networks and industry specifications.
