~~(2) To request a rule exemption, a person must file with the commission a written request identifying the rule for which an exemption is sought, and provide a full explanation of the reason for requesting the exemption. In addition to any other reason, parties may allege force majeure was the factor leading to the request for waiver.~~

~~(3) The commission will assign the request a docket number, if it does not arise in an existing docket, and will schedule the request for consideration at one of its regularly scheduled open meetings or, if appropriate under chapter 34.05 RCW, in an adjudication. The commission will notify the person requesting the exemption, and other interested persons, of the date of the hearing or open meeting when the commission will consider the request.~~

~~(4) In determining whether to grant the request, the commission may consider whether application of the rule would impose undue hardship on the requesting person, of a degree or a kind different from hardships imposed on other similarly situated persons, and whether the effect of applying the rule would be contrary to the purposes of the rule.~~

~~(5) The commission will enter an order granting or denying the request, or setting it for hearing, pursuant to chapter 480-09 WAC.~~

The commission may grant an exemption from the provisions of any rule in this chapter in accordance with WAC 480-07-110 (Exceptions from and modifications to the rules in this chapter; special rules.)

WAC 480-120-302 ~~Accounting requirements for c~~Companies not classified as competitive. (1)~~(a) Companies with two percent or more of state access lines and companies with less than two percent of state access lines are classified as follows:~~

Class	Number of Access Lines as of December 31 from prior year's annual report
A	2% or more of state access lines
B	Less than 2% of state access lines

For example:

Company X access lines as of 12/31/98 Divided by	33,823	
Total state access lines as of 12/31/98	3,382,320	
Equals company access lines as a percentage of total access lines.		1%

Therefore, company X is
a Class B company.

~~(b) As long as a company can show it serves less than two percent of the total access lines listed in (a) of this subsection, it may compare future years to the year listed in the example above, as a safe harbor option.~~

~~(c) If a company has more than two percent of the total access lines listed in (a) of this subsection, but believes that it has less than two percent of a subsequent year to that listed in the example above, it may use the more recent "total state access lines" as of that subsequent year in order to calculate a different threshold, as long as it provides all relevant information in a letter of certification to the commission concurrent with its election. For purposes of this rule the raw data may be requested from the commission's record center in order for the company seeking the data to generate its own calculation subsequent, and pursuant, to this rule.~~

(2)(a) For accounting purposes, companies not classified as competitive must use the *Uniform System of Accounts (USOA) for Class A and Class B Telephone Companies* published by the Federal Communications Commission (FCC) and designated as Title 47, Code of Federal Regulations, Part 32, (47 CFR 32, or Part 32). The effective date for Part 32 is stated in WAC 480-120-999 ([Adoption by reference](#)). Companies not classified as competitive wishing to adopt changes to the USOA made by the FCC after the date specified in WAC 480-120-999, must petition for and receive commission approval. The petition must include the effect of each change for each account and subaccount on an annual basis for the most recent calendar year ending December 31. If the petition is complete and accurate the commission may choose to grant such approval through its consent agenda.

(b) Class B companies may use Class A accounting, but Class A companies shall not be permitted to use Class B accounting.

(32) The commission modifies Part 32 as follows:

(a) Any reference in Part 32 to "Commission," "Federal Communications Commission," or "Common Carrier Bureau" means the Washington utilities and transportation commission.

(b) Companies not classified as competitive must keep subsidiary records to reflect Washington intrastate differences when the commission imposes accounting or ratemaking treatment different from the accounting methods required in subsection (2) of this section. Companies not classified as competitive must maintain subsidiary accounting records for:

- (i) Residential basic service revenues;
- (ii) Business basic service revenues;
- (iii) Access revenues for each universal service rate element;
- (iv) Special access revenues; and
- (v) Switched access revenues.

- (c) Part 32 section 24, compensated absences, is supplemented as follows:
- (i) Companies not classified as competitive must record a liability and charge the appropriate expense accounts for sick leave in the year in which the employees use the sick leave ~~is used by employees~~.
 - (ii) Companies not classified as competitive must keep records for:
 - (A) Compensated absences that are actually paid; and
 - (B) Compensated absences that are deductible for federal income tax purposes.
 - (d) Companies not classified as competitive that have multistate operations must keep accounting records that provide Washington results of operations. The methods used to determine Washington results of operations must be acceptable to the commission.
 - (e) Part 32 section 32.11(a) is replaced by subsection (1) of this section.
 - (f) Part 32 section 32.11 (d) and (e) are replaced by subsection (1) of this section.
 - (g) The commission does not require Part 32 section 32.2000 (b)(4). This rule does not supersede any accounting requirements specified in a commission order, nor will it be construed to limit the commission's ability to request additional information on a company specific basis. This rule does not dictate intrastate ratemaking.
 - (h) Any reference in Part 32 to "Class A" or "Class B" means the classification as set out in subsection (1) of this section.

Subpart C: Financial Reporting Requirements.

WAC 480-120-X03 Issuing securities.
