RE: Docket NO. TR-100572- Annual Compliance Filing

Dear Mr. King,

Please find attached data submitted for the Piert Road crossing in compliance with Docket TR-100572.

We have spoken with Agrium US Inc in December of 2016. And have determined that in 2016 an average of one train per day 4 days a week use this crossing. This use is expected to remain the same in 2017. The trains carry hazardous material and primarily use the northern crossing.

We have been unable to get a current traffic count for this area due to the weather. Attached is the previous year's count. We will submit the traffic information as soon as it is available.

Thank you for your consideration of these materials. If you have any questions or concerns, please contact Tavis Hatfield at Tavis.Hatfield@co.benton.wa.us or (509) 786-5611.

Sincerely,

Mathew Rasmussen,PE
County Engineer.
