**Re: Docket U-210800 - Commission's customer notice and fees rulemaking.**

Dear Ms. Maxwell:

Cascade Natural Gas Corporation ("Cascade" or "Company") submits the following to the Washington Utilities and Transportation Commission ("Commission") in regards to the Code Reviser a Preproposal Statement of Inquiry (CR-101) in Docket U-210590 and in response to the June 2, 2023, Notice of Opportunity ("Notice") that asks regulated companies to file information prior to the workshop outlining the amount of bad debt currently being recovered in rates.

Currently, Cascade recovers 0.371 percent of retail revenues for bad debts which is reflected in the conversion factor within rates. This bad debt percentage was set within Cascade's recent general rate case in Docket UG-210755. If you have any questions, please contact me at (208) 377-6015.

Sincerely,

*/s/ Lori Blattner*
