Service Quality Standards and Consumer Protection Rules Certification §54.313(a)(5)

Any recipient of high-cost support shall provide the following: Certification that it is complying with applicable service quality standards and consumer protection rules.

I, James K. Brooks, being of lawful age, state that I am Treasurer/Controller of Inland Telephone Company ("Company")(SAC 522423), that I am authorized to execute this certification on behalf of the Company, and that the facts set forth in this certification are true to the best of my knowledge, information and belief.

Inland has established operating procedures that are adequate to ensure compliance with the Customer Proprietary Network Information ("CPNI") rules of the Federal Communications Commission ("Commission"), codified at 47 C.F.R. Part 64 Subpart U, implementing Section 222 of the Communications Act of 1934, as amended. On this basis, the Company certifies to the Federal Communications Commission and the Washington Utilities and Transportation Commission, pursuant to 47 C.F.R. § 64.2009(e), that the Company's operating procedures are adequate to ensure compliance with the Customer Proprietary Network Information rules and regulations as set forth in 47 C.F.R. §§ 64.2001 through 64.2009. Inland has also met substantially the applicable service quality standard and consumer protection rules found in WAC 480-123-030(1)(h).

The Company further certifies that it publicized the availability of its applicable telephone assistance programs in a manner reasonably designed to reach those likely to qualify for service and in a manner which, in the Company's judgment, included advertisements likely to reach those who are not current customers of the Company within the Company's designated service area.

I certify under penalty of perjury under the laws of the State of Washington that the foregoing is true and correct.

Dated this 28th day of June, 2017 at Roslyn, Washington.

**STATEMENT REGARDING OPERATING PROCEDURES
IMPLEMENTING 47 C.F.R. PART 64 SUBPART U
GOVERNING USE OF
CUSTOMER PROPRIETARY NETWORK INFORMATION (CPNI)
MARCH 1, 2017**

The following statement explains how the operating procedures of Inland Telephone Company (“Inland” or “Company”) ensure that it is in compliance with the Commission’s CPNI rules, as codified at 47 C.F.R. Part 64 Subpart U (§§ 64.2001-64.2011) and is relevant to calendar year 2016. Except as otherwise indicated, the following applies with respect to the Commission’s rules in effect both before and after the December 8, 2007 effective date of the Commission’s April 2, 2007 Report and Order in CC Docket No. 96-115. *See* FCC 07-22 (rel. Apr. 2, 2007); Public Notice, DA 07-4915 (rel. Dec. 6, 2007). This statement covers calendar year 2016.

I. Use of customer proprietary network information without customer approval.

A. Inland may use, disclose, or permit access to CPNI for the purpose of providing or marketing service offerings among the categories of service to which the customer already subscribes from Inland, without customer approval.

B. Inland may not use, disclose, or permit access to CPNI to market to a customer, service offerings that are within a category of service to which the subscriber does not already subscribe from Inland, unless Inland has customer approval to do so, except as described in Section I.C.

(1) Inland may use, disclose or permit access to CPNI derived from their provision of local exchange service or interexchange service, without customer approval, for the provision of CPE and information services, such as call answering, voice mail or messaging, voice storage and retrieval services, and fax storage and retrieval services.

(2) Inland may not use, disclose or permit access to CPNI to identify or track customers that call competing service providers except for CPNI made available to other telecommunications carriers pursuant to tariffed or detariffed billing and collection arrangements and billing and collection services provided pursuant thereto. The Company does not sell CPNI to any third-party for any purpose.

C. Inland may use, disclose, or permit access to CPNI, without customer approval, as follows:

(1) Inland may use, disclose, or permit access to CPNI, in its provision of inside wire installation, maintenance, and repair services.

(2) Inland may use CPNI to market services formerly known as adjunct-to-basic services, such as, but not limited to, speed dialing, computer-provided directory

assistance, call monitoring, call tracing, call blocking, call return, repeat dialing, call tracking, call waiting, caller I.D., call forwarding, and certain Centrex features.

D. Inland may use, disclose, or permit access to CPNI to protect Inland's rights or property; to protect its users and other carriers from fraudulent, abusive, or unlawful use of, or subscription to, Inland's services; and to render, provision, bill or collect for services.

Inland provides local exchange telephone service and access to long distance service providers in six exchanges in the states of Idaho and Washington. Inland's operating procedures comply with the above requirements and include, but are not limited to, the provisions described below. The Company does not engage in any outbound telemarketing. Outbound print marketing, if any, that may be distributed by the Company by mail is addressed to all subscribers or customers within the applicable geographic area, zip code(s) and/or telephone number prefix(es), without regard to the specific services that the subscriber or customer receives, or does not receive, from the Company and/or the Company's affiliates. Under Company policy, none of the Company's affiliates is permitted to use any CPNI of the Company for any outbound telemarketing or outbound print marketing.

Moreover, the Company does not use any CPNI for any inbound marketing of services that are not within a category of service (i.e., local and interexchange) to which the customer already subscribes from the Company and/or one or more of the Company's affiliates. The Company does not sell, or provide access to any third party to, any of the Company's CPNI for purposes of marketing the services of the Company or of any of its affiliates, other than as permitted without prior customer approval with respect to the Company's affiliates. Except for CPNI made available to other telecommunications carriers pursuant to tariffed or detariffed billing and collection arrangements and billing and collection services provided pursuant thereto, and pursuant to Commission-mandated carrier change procedures, the Company does not provide CPNI to any third-party for any purpose.

The Company, its employees and agents may make such other uses and disclosures of, and permit access to, CPNI without customer approval as are permitted by applicable statute, rule, regulation or order. Such uses, disclosures or access may include those authorized by Sections 222(c) and (d) of the Communications Act of 1934, as amended, by Section 64.2005 of the Commission's rules and by orders of the Commission.

Except as set forth above, the Company does not provide any CPNI to any governmental entity, or to any other third party, other than: pursuant to subpoena or other lawful process or with the subscriber's prior written consent, or in accordance with the authentication and other requirement described at Section IV below and in the FCC's rules, as a result of a person representing himself or herself to be the subscriber (or the subscriber's duly authorized agent) and having confirmed his or her identity or authority by providing to the Company appropriate identifying information (such as Social Security Number, driver's license number, mother's maiden name, user name or password, as appropriate or otherwise required).

II. Approval required for use of customer proprietary network information.

A. Inland may obtain customer approval through written, oral or electronic methods.

(1) Inland does not seek or obtain oral approval, and therefore does not bear the burden of demonstrating that such approval has been given in compliance with the FCC's rules.

(2) A customer's approval or disapproval obtained by Inland to use, disclose, or permit access to the customer's CPNI, the use of CPNI outside of the customer's total service relationship with Inland must remain in effect until the customer revokes or limits such approval or disapproval.

(3) Inland must maintain records of notification and approval, whether oral, written or electronic, for at least one year.

B. Use of Opt-Out and Opt-In Approval Processes.

(1) Except where use, disclosure, or access to CPNI is otherwise permitted without prior customer approval (as described above), Inland only uses, discloses or permits access to CPNI upon opt-out or opt-in approval, consistent with Section 64.2007 of the Commission's rules and, by December 8, 2007, with the Commission's amended rules. Inland's process is described in Section II.A above.

(2) Except for use and disclosure of CPNI that is permitted without customer approval under Section I, or that is described Section II.B, or as otherwise provided in section 222 of the Communications Act of 1934, as amended, Inland may only use, disclose, or permit access to its customer's individually identifiable CPNI subject to opt-in approval.

The Company currently does not use CPNI in a manner that requires prior customer approval. Should Inland's policy change, however, Inland shall implement the foregoing policies to ensure the FCC's rules are complied with.

III. Notice required for use of customer proprietary network information.

A. Notification, Generally.

(1) Prior to any solicitation for customer approval, Inland must provide notification to the customer of the customer's right to restrict use of, disclosure of, and access to that customer's CPNI.

(2) Inland must maintain records of notification, whether oral, written or electronic, for at least one year.

B. Individual notice to customers must be provided when soliciting approval to use, disclose, or permit access to customers' CPNI.

C. Content of Notice.

Customer notification must provide sufficient information to enable the customer to make an informed decision as to whether to permit Inland to use, disclose, or permit access to, the customer's CPNI.

(1) The notification must state that the customer has a right, and Inland has a duty, under federal law, to protect the confidentiality of CPNI.

(2) The notification must specify the types of information that constitute CPNI and the specific entities that will receive the CPNI, describe the purposes for which CPNI will be used, and inform the customer of his or her right to disapprove those uses, and deny or withdraw access to CPNI at any time.

(3) The notification must advise the customer of the precise steps the customer must take in order to grant or deny access to CPNI, and must clearly state that a denial of approval will not affect the provision of any services to which the customer subscribes. However, Inland may provide a brief statement, in clear and neutral language, describing consequences directly resulting from the lack of access to CPNI.

(4) The notification must be comprehensible and must not be misleading.

(5) If written notification is provided, the notice must be clearly legible, use sufficiently large type, and be placed in an area so as to be readily apparent to a customer.

(6) If any portion of a notification is translated into another language, then all portions of the notification must be translated into that language.

(7) Inland may state in the notification that the customer's approval to use CPNI may enhance Inland's ability to offer products and services tailored to the customer's needs. Inland also may state in the notification that it may be compelled to disclose CPNI to any person upon affirmative written request by the customer.

(8) Inland may not include in the notification any statement attempting to encourage a customer to freeze third-party access to CPNI.

(9) The notification must state that any approval or denial of approval for the use of CPNI outside of the service to which the customer already subscribes from Inland is valid until the customer affirmatively revokes or limits such approval or denial.

(10) Inland's solicitation for approval must be proximate to the notification of a customer's CPNI rights.

D. Notice Requirements Specific to Opt-Out.

Inland must provide notification to obtain opt-out approval through electronic or written methods, but not by oral communication (except as provided in paragraph F of this section). The

contents of any such notification must comply with the requirements of paragraph C of this section.

(1) Inland must wait a 30-day minimum period of time after giving customers notice and an opportunity to opt-out before assuming customer approval to use, disclose, or permit access to CPNI. Inland may, in its discretion, provide for a longer period. Inland must notify customers as to the applicable waiting period for a response before approval is assumed.

(i) In the case of an electronic form of notification, the waiting period shall begin to run from the date on which the notification was sent; and

(ii) In the case of notification by mail, the waiting period shall begin to run on the third day following the date that the notification was mailed.

(2) Insofar as Inland is using the opt-out mechanism, it must provide a Notice to its customers every two years.

(3) If Inland uses e-mail to provide opt-out notices, it must comply with the following requirements in addition to the requirements generally applicable to notification:

(i) Inland must obtain express, verifiable, prior approval from consumers to send notices via e-mail regarding its service in general, or CPNI in particular;

(ii) Inland must allow customers to reply directly to e-mails containing CPNI notices in order to opt-out;

(iii) Opt-out e-mail notices that are returned to Inland as undeliverable must be sent to the customer in another form before Inland may consider the customer to have received notice;

(iv) Inland must ensure that the subject line of the message clearly and accurately identifies the subject matter of the e-mail; and

(v) Inland must make available to every customer a method to opt-out that is of no additional cost to the customer and that is available 24 hours a day, seven days a week. Inland may satisfy this requirement through a combination of methods, so long as all customers have the ability to opt-out at no cost and are able to effectuate that choice whenever they choose.

E. Notice Requirements Specific to Opt-In.

Inland may provide notification to obtain opt-in approval through oral, written, or electronic methods. The contents of any such notification must comply with the requirements of paragraph C of this section.

F. Notice Requirements Specific to One-Time Use of CPNI.

(1) Inland may use oral notice to obtain limited, one-time use of CPNI for inbound and outbound customer telephone contacts for the duration of the call, regardless of whether Inland uses opt-out or opt-in approval based on the nature of the contact.

(2) The contents of any such notification must comply with the requirements of paragraph C of this section, except that Inland may omit any of the following notice provisions if not relevant to the limited use for which Inland seeks CPNI:

(i) Inland need not advise customers that if they have opted-out previously, no action is needed to maintain the opt-out election;

(ii) Inland need not advise customers that they may share CPNI with their affiliates or third parties and need not name those entities, if the limited CPNI usage will not result in use by, or disclosure to, an affiliate or third party;

(iii) Inland need not disclose the means by which a customer can deny or withdraw future access to CPNI, so long as Inland explains to customers that the scope of the approval Inland seeks is limited to one-time use; and

(iv) Inland may omit disclosure of the precise steps a customer must take in order to grant or deny access to CPNI, as long as Inland clearly communicates that the customer can deny access to his CPNI for the call.

The Company currently does not use CPNI in a manner that requires prior customer approval. Should Inland's policy change, however, Inland shall implement the foregoing policies to ensure the FCC's rules are complied with.

IV. Safeguards required for use and disclosure of customer proprietary network information.

A. Inland must implement a system by which the status of a customer's CPNI approval can be clearly established prior to the use of CPNI. Inland's policies and procedures are detailed in Section II above.

B. Effective December 8, 2007, Inland may release call detail information during a customer initiated telephone contact only if reasonable authentication procedures are complied with and (1) the customer provides Inland with a pre-established password, (2) Inland, at the customer's request, sends the call detail information to the customer's address of record provided the address of record has been associated with the account for at least thirty (30) days, or (3) when Inland calls the telephone number of record to disclose the call detail information. Inland is permitted to create a back-up customer authentication method for lost or forgotten passwords. Inland is also prohibited from releasing call detail information during a retail visit without the appropriate password or valid photo identification.

However, if the during a customer-initiated telephone contact, the customer is able to provide without assistance from Inland personnel all of the call detail information necessary to

address a customer service issue (i.e., the telephone number called, when it was called, and if applicable the amount charged for the call), then Inland personnel are permitted to proceed with its routine customer care procedures.

C. Not later than June 8, 2008, Inland must authenticate a customer without readily available biographical or account information prior to allowing the customer on-line access to CPNI related telecommunication service account. Once authenticated, the customer may only obtain on-line access to CPNI related telecommunications service account through a password.

D. Effective December 8, 2007, Inland is required to notify customers immediately when a password or back-up means of authentication for lost or forgotten passwords, on-line account, or address of record is created or changed. Such notification is not required when the customer initiates service, including the selection of a password.

E. Business customers are exempt from the password requirements which became effective December 8, 2007, if: the customer is contractually bound to Inland, is serviced by a dedicated Inland account representative as the primary contact, and within the contract Inland is responsible to address its CPNI obligations. If, at any point, the business customer must go through a call center to reach a customer service representative, then the exemption does not apply.

F. Inland trains its personnel as to when they are and are not authorized to use CPNI, and Inland must have an express disciplinary process in place.

G. Inland must maintain a record, electronically or in some other manner, of its own and its affiliates' sales and marketing campaigns that use its customers' CPNI. Inland shall maintain a record of all instances where CPNI was disclosed or provided to third parties, or where third parties were allowed access to CPNI. The record must include a description of each campaign, the specific CPNI that was used in the campaign, and what products and services were offered as a part of the campaign. Inland shall retain the record for a minimum of one year.

H. Inland must establish a supervisory review process regarding its compliance with the FCC's CPNI rules for outbound marketing situations and maintain records of its compliance for a minimum period of one year. Specifically, sales personnel must obtain supervisory approval of any proposed outbound marketing request for customer approval.

I. Effective December 8, 2007, Inland must take reasonable measures to discover and protect against attempts to gain unauthorized access to CPNI, which may include encryption of its databases. Inland must properly authenticate a customer prior to disclosing CPNI based on a customer-initiated telephone contact, on-line account access, or an in-store visit.

Inland must take measures to protect CPNI stored in its internal databases from potential unauthorized access, and evaluate and increase its security measures should it discover an increase in attempts to gain access to unauthorized information.

J. Inland must provide written notice within five business days to the FCC of any instance where the opt-out mechanisms do not work properly, to such a degree that consumers' inability to opt-out is more than an anomaly.

(1) The notice shall be in the form of a letter, and shall include Inland's name, a description of the opt-out mechanism(s) used, the problem(s) experienced, the remedy proposed and when it will be/was implemented, whether the relevant state commission(s) has been notified and whether it has taken any action, a copy of the notice provided to customers, and contact information.

(2) Such notice must be submitted even if Inland offers other methods by which consumers may opt-out.

K. Effective December 8, 2007, Inland has a general duty to first inform federal law enforcement agencies, followed up by notification to affected customers, after reasonable determination of a breach of its customers' CPNI.

(1) Inland must file an electronic notification to the United States Secret Service (USSS) and the Federal Bureau of Investigation (FBI) within seven (7) business days through the central reporting facility furnished by the Commission.

(2) Inland is prohibited from notifying customers or the general public of the breach until seven (7) business days have passed after notification to the USSS and FBI unless under certain specified circumstances: (a) Inland identifies an "extraordinary need to notify customers" before that period or (b) An ongoing or potential investigation or national security requires customer disclosure to be potentially delayed for up to thirty (30) days. Inland must notify the affected customer(s) after the applicable period.

(3) Inland must maintain a record, whether electronically or in some other manner of any breaches discovered, notifications made to the USSS or FBI and notifications made to customers. The record must include, if available, dates of discovery and notification, a detailed description of the CPNI that was the subject of the breach, and the circumstances of the breach. Records must be maintained for a two (2) year period.

Inland's operating procedures comply with all of the above requirements, including those that became effective December 8, 2007. With respect to online authentication in particular, Inland implemented measures to ensure compliance by the applicable June 8, 2008 deadline. As previously discussed, the Company currently does not use CPNI in a manner that requires prior customer approval. Should Inland's policy change, however, Inland shall implement the relevant aforementioned policies to ensure the FCC's rules are complied with. Inland notes in particular that:

- *Company personnel are trained as to when they are and are not authorized to use CPNI, and that an express process is in place such that violations of these procedures may result in disciplinary action, up to and including termination of employment.*
- *Inland does not provide customers' with online access to their CPNI at this time.*
- *With respect to business customers subject to Section IV.E above, Inland requires them to provide the names of all that are authorized to have access to the account and at what authorization level (e.g. to make service changes, request additional services,*

billing inquiries) and further requires that a 6 to 10-place alphanumeric password be established.

- *Operating procedures have been implemented to comply with the remaining requirements described above and applicable to Inland's use, disclosure of and third party access to CPNI.*

V. Supplemental Information

Effective December 8, 2007, the FCC's rules require that the annual certification filed pursuant to 47 C.F.R. § 64.2009(e) disclose any actions taken against data brokers and a summary of all consumer complaints received in the previous calendar year regarding the unauthorized release of CPNI. Inland is not aware of any consumer complaints regarding the unauthorized release of CPNI and has not taken action against any data brokers.

As of January 3, 2017, telecommunications carriers no longer are subject to the specific recordkeeping and annual CPNI compliance certification requirements contained in Sections 64.2009(c) and (e) of the Commission's rules however, the Inland maintains these procedures.

LINE 610 - FUNCTIONALITY IN EMERGENCY SITUATIONS

(522423 WA 610 FINCTIONAL IN EMERGENCIES CERTIFICATION.pdf)

Ability to Remain Functional in Emergencies Certification
§54.313(a)(6)

ETCs must demonstrate that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to re-route traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations.

I, James K. Brooks, being of lawful age, state that I am Treasurer/Controller of Inland Telephone Company ("Company")(SAC 522423), that I am authorized to execute this certification on behalf of the Company, and that the facts set forth in this certification are true to the best of my knowledge, information and belief.

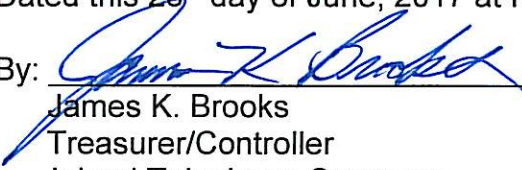

On this basis, the Company certifies that it maintained the ability to function in emergency situations under the standard found in WAC 480-123-030(1)(g) and in 47 C.F.R. §54.202(a)(2), as such standards relate to functionality of wireline carriers in emergency situations. The Company further certifies that it maintains back-up power to ensure functionality without an external power source in the forms of auxiliary generators and batteries in its central offices as well as adequate battery back-up in its subscriber carrier cabinets. For its fiber-to-the-home deployment, the Company mounted at each premises a universal power source ("UPS") capable of eight hours of back-up power for all optical network terminals and offers for sale, additional batteries for the UPS unit. The Company's switching capability is more than adequate to manage the traffic of its subscribers.

For calls within the exchange of Uniontown, depending upon where a cut is made, there exists redundant toll routing however, the other exchanges have no redundant toll routing. In all exchanges, customers can continue to make calls within the exchange should the interexchange interconnected facilities get disconnected. The Company does not have ring technology at this time however; the Company is always looking for redundant routing alternatives.

I certify under penalty of perjury under the laws of the State of Washington that the foregoing is true and correct.

SUBSCRIBER CERTIFICATION

It is understood that by participating in the Lifeline program, the support that I receive is not actual payment to me but a discount on my monthly billed service. Participating in Lifeline does not protect me from collection procedures if I do not pay my telephone or Internet bill. I fully understand that this discount, as well as the criteria for participation in the Lifeline Program, may change and I may no longer qualify, or the amount of support may increase or decrease.

As the Certifying Subscriber, I certify that, (i) the service is for me and not a member of the household; (ii) I am not listed as a dependent on someone else’s tax return; and, (iii) the service address is my primary residence. I further certify that the service that I receive from Inland Telephone Company is my main service line and neither I nor anyone in my household receives Lifeline Support for any other telecommunications service. Further, I understand that Lifeline is a federal benefit program that provides a monthly discount on either home or mobile service and **ONLY ONE** Lifeline discount is allowed per household. Members of a household are not permitted to receive Lifeline Support from multiple telecommunications providers. I understand that violation of the one-per-household requirement will result in de-enrollment from the program and possible fines and imprisonment. As the Certifying Subscriber claiming income eligibility, I certify that the documentation I have provided accurately represents: (i) my household income and the number of persons in my household; or, (ii) proof of participation in an eligible program.

I certify that I will notify Inland Telephone Company within 30 days,(i) if for any reason I should no longer participate in any of the eligible programs or qualify by income, and or (ii) if I move from the address provided on this form. If my address listed above is temporary, I certify that I will verify my address to Inland Telephone Company every 90 days. I understand that if I fail to respond to an attempt to verify my address within 30 days, my Lifeline support may be terminated. I understand that if I fail to give notice as required, I am subject to penalties, including de-enrollment, being barred from the program and fines and imprisonment.

I understand that Lifeline Support is not transferrable and that I may not transfer my service to any individual, including another eligible Lifeline Support recipient. I further understand that if my service goes unused for 60 days, my service will be suspended subject to a 30 day period in which I may use the service or contact Inland Telephone Company to confirm that I want to continue receiving the service.

Further, I fully understand that in order to continue to receive this support, I must annually, or more often, certify my eligibility and provide proof of eligibility. I understand that my failure to timely re-certify will result in de-enrollment and termination of my Lifeline benefits.

I fully understand that the Lifeline Program is administered by the Universal Service Administration Company (USAC) under the guidance and authority of the Federal Communications Commission (FCC)and that all of the information that I have supplied pertaining to my eligibility will be shared with USAC and the FCC and I give my consent to do so.

I certify that the information provided on this form is true and correct to the best of my knowledge under penalty of perjury and if I have provided any misleading statements in order to receive support, I will be liable for any support received, my service may be discontinued, it may result in de-enrollment and my being barred from the program and I would be subject to state and federal fines and imprisonment.

LIFELINE HOUSEHOLD WORKSHEET

Your **household** is everyone who lives together at your address as one economic unit (including children and people who are not related to you).

The **adults** you live with are part of your **economic unit** if they contribute to and share in the income and expenses of the household. An **adult** is any person 18 years of age or older, or an emancipated minor (a person under age 18 who is legally considered to be an adult). **Household expenses** include food, health care expenses (such as medical bills) and the cost of renting or paying a mortgage on your place of residence (a house or apartment, for example) and utilities (including water, heat and electricity). **Income includes** salary, public assistance benefits, social security payments, pensions, unemployment compensation, veteran’s benefits, inheritances, alimony, child support payments, worker’s compensation benefits, gifts, and lottery winnings

Spouses and domestic partners are considered to be part of the same household. Children under the age of 18 living with their parents or guardians are considered to be part of the same household as their parents or guardians. If an adult has no income, or minimal income, and lives with someone who provides financial support to that adult, both people are considered part of the same household.

You have been asked to complete this Worksheet because someone else may currently receive a Lifeline-supported service at your address. This other person may or may not be a part of your household. Answer the questions below to determine whether there is more than one household residing at your address.

1) Does your spouse or domestic partner (that is, someone you are married to or in a relationship with) already receive a Lifeline-discounted phone? (check NO if you do not have a spouse or partner)

YES NO

> If you checked **YES**, you may not sign up for Lifeline because someone in your household already receives Lifeline. **Only ONE** Lifeline discount is allowed per household.

> If you checked **NO**, please answer question #2.

2) Other than a spouse or partner, do other adults (people over the age of 18 or emancipated minors) live with you at your address?

- A. A parent YES NO
- B. An adult son or daughter YES NO
- C. Another adult relative (such as a sibling, aunt, cousin, grandparent, grandchild, etc..) YES NO
- D. An adult roommate YES NO
- E. Other _____ YES NO

> If you checked **NO** for each statement above, you do not need to answer the remaining questions. **Please initial line B**, below, and sign and date the worksheet.

> If you checked **YES**, please answer question #3.

3) Do you share living expenses (bills, food, etc.) and share income (either your income, the other person’s income or both incomes together) with at least one of the adults listed above in question #2?

YES NO

> If you checked **NO**, then your address includes **more than one household**. **Please initial lines A and B below**, and sign and date the worksheet.

> If you checked **YES**, then your address includes **only one household**. You **may not** sign up for Lifeline because someone in your household already receives Lifeline.

CERTIFICATION

Please initial the certification below and sign and date this worksheet which must accompany your Lifeline application.

- A. I certify that I live at an address occupied by multiple households.
- B. I understand that violation of the **one-per-household** requirement is against the Federal Communications Commission's rules and may result in me losing my Lifeline benefits, and potentially, prosecution by the United States Government.

ACCEPTABLE DOCUMENTATION REQUIRED FOR LIFELINE INCOME ELIGIBILITY

When requesting Lifeline based on income eligibility (i.e., the consumer's household income is **at or below 135%** of the Federal Poverty Guidelines), the consumer must provide documentation of income eligibility at the time of enrollment. Any one of the following documents is acceptable to be used to verify income eligibility for Lifeline:

- > **The prior year's Federal Tax Return; or**
- > **The prior year's State Tax Return; or**
- > **The prior year's Tribal Tax Return; or**
- > **Three consecutive months' worth of income statements from an employer or paycheck stubs within the current calendar year; or**
- > **Divorce Decree documenting income; or**
- > **Child Support Document documenting income; or**
- > **Social Security Statement of Benefits; or**
- > **Veterans Administration Statement of Benefits; or**
- > **An Unemployment/Worker's Compensation Statement of Benefits; or**
- > **Federal or Tribal Notice Letter of Participation in General Assistance.**

If the consumer presents documentation of income that does not cover a full year, such as current pay stubs, the consumer must present three consecutive months' worth of the same types of document within the calendar year.

Does the reporting company have affiliated ETCs? Yes No

Provide a list of all ETCs that are affiliated with the reporting ETC, using page 4 and additional sheets if necessary. Affiliation shall be determined in accordance with Section 3(2) of the Communications Act. That Section defines "affiliate" as "a person that (directly or indirectly) owns or controls, is owned or controlled by, or is under common ownership or control with, another person." 47 U.S.C. § 153(2). See also 47 C.F.R. § 76.1200.

For purposes of this filing, an officer is an occupant of a position listed in the article of incorporation, articles of formation, or other similar legal document. An officer is a person who occupies a position specified in the corporate by-laws (or partnership agreement), and would typically be president, vice president for operations, vice president for finance, comptroller, treasurer, or a comparable position. If the filer is a sole proprietorship, the owner must sign the certification.

Section 1: Initial Certification *All ETCs must complete this section*

I certify that the company listed above has certification procedures in place to:

- A) Review income and program-based eligibility documentation prior to enrolling a consumer in the Lifeline program, and that, to the best of my knowledge, the company was presented with documentation of each consumer's household income and/or program-based eligibility prior to his or her enrollment in Lifeline; and/or
- B) Confirm consumer eligibility by relying upon access to a state database and/or notice of eligibility from the state Lifeline administrator prior to enrolling a consumer in the Lifeline program.

I am an officer of the company named above. I am authorized to make this certification for the Study Area Code listed above.

Note: If any subscriber was reviewed by an ETC accessing a state database or by a state administrator and subsequently contacted directly by the ETC in an attempt to recertify eligibility, those subscribers should be listed in Blocks F through J as appropriate and not in Blocks K and L. As a result, all subscribers subject to recertification who were not de-enrolled prior to the recertification attempt must be accounted for in Block F or Block K.

The total of Block F and Block K should equal the number reported in Block E.

Certification:

Based on the data entered above, initial the certification(s) below that apply. Both Certification A and B may apply depending on the recertification procedures in place for the SAC reporting on this form. If Certification C applies, neither Certification A nor B may apply.

A) I certify that the company listed above has procedures in place to recertify the continued eligibility of all of its Lifeline subscribers, and that, to the best of my knowledge, the company obtained signed certifications from all subscribers attesting to their continuing eligibility for Lifeline. Results are provided in the chart above in Blocks F through J. I am an officer of the company named above. I am authorized to make this certification for the SAC listed above.

Section 4: ETCs Subject to the Non-Usage Requirements

All ETCs must complete the appropriate check-box. ETCs that do not assess and collect a monthly fee from their Lifeline subscribers are subject to the non-usage requirements. ETCs subject to the non-usage requirements must indicate the number of subscribers de-enrolled by month in Section 4. ETCs that only assess a fee but do not collect such fees are subject to the non-usage requirements and must also indicate the number of subscribers de-enrolled by month.

Is the ETC subject to the non-usage requirements? Yes No

If yes, record the number of subscribers de-enrolled for non-usage by month in Block Q below.
