Re: DO NOT REDOCKET
Docket UE-210979—PacifiCorp’s Draft 2022 All Source Request for Proposals
Washington Stakeholder Comment Response Matrix—REPLACEMENT

On February 28, 2022, PacifiCorp d/b/a Pacific Power & Light Company (PacifiCorp) submitted a Washington Stakeholder Comment Response Matrix, which responded to comments received from Commission Staff and stakeholders regarding the company’s Draft 2022 All Source Request for Proposals. An inadvertent error was discovered in the matrix, which PacifiCorp is correcting in this filing by providing a replacement file for the matrix.

The correction is as follows:

55. WNIDCL and LIUNA (Labor)	Amend Appendix L, Section III, to include a scoring factor whereby the seller agrees to a proforma contract term which prohibits the use of general contractors who have been found in violation of serious safety violations within the past three years on similar projects	PacifiCorp is unclear how it would validate or enforce such a recommendation. To address safety, PacifiCorp has instead added fields to the Appendix L and Appendix P to i) request bidders provide their TRI versus the OSHA industry average for that company type, ii) provide a point of non-price score for bidders who demonstrate a TRI higher than industry average; and iii) provide a point of nonprice score to bidders who <u>ask bidders to confirm whether they record TRIs online using a common reporting tool such as Veriforce.</u> Additionally, PacifiCorp has requested bidders provide answers related to safety in their Appendix B-2 narrative.
