Mary Sprouffske, Rules Coordinator

Recommendation:

Staff recommends the commission postpone the adoption hearing for Docket UW-980082 - Rulemaking for Investor Owned Water Companies.

Discussion:

In response to comments from stakeholders and Commissioners, Staff is continuing to revise the proposed rules. Staff needs additional time to review all comments, respond to the comments and incorporate those comments that staff believe will provide clarity, need and effectiveness and efficiency in the draft proposed rules.

Therefore, staff recommends the commission postpone the adoption of Chapter 480-110 Investor Owned Water Companies, Docket UW-980082.
