Subject: Release of Escrowed Funds

Dear Mr. Tanner:

The commission's staff received your revised request for the release of funds from the conservation escrow account created in Docket UW-040651. Your original request of November 14, 2007 for \$58,824.26 was revised downward to \$54,418.50 after the removal of maintenance charges unrelated to the construction project.

Canterwood is hereby authorized to disburse the remaining balance of \$52,097.00 from the conservation escrow account created in Docket UW-040651. This disbursement is the final disbursement from the conservation escrow account and the account can now be closed. The final \$2,321.50 balance remaining in construction charges will be paid by Canterwood Water Company, Inc. through owner equity.

If you have any questions please call Dave Gomez at (360) 664-1240 or email him at [dgomez@utc.wa.gov](mailto:dgomez@utc.wa.gov).

Sincerely,

Carole J. Washburn  
Executive Secretary
