BACKGROUND

1 This matter comes before the Washington Utilities and Transportation Commission (Commission) for approval of a negotiated first amended agreement (Amended Agreement) under the Telecommunications Act of 1996 (Telecom Act). The Amended Agreement is between MCImetro Access Transmission Services, LLC, (MCImetro), and Verizon Northwest Inc. (Verizon), f/k/a GTE Northwest Incorporated. The Commission approved an interconnection agreement between the parties on April 3, 1997. The Commission ordered that in the event the parties amended their agreement, the amended agreement would be deemed a new agreement under the Telecom Act and must be submitted to the Commission for approval. The parties filed a joint request for approval of a first amendment on March 7, 2001.

MEMORANDUM

2 The Amended Agreement between MCImetro and Verizon was brought before the Commission at its regularly scheduled open public meeting held on May 30, 2001, at its offices in Olympia, Washington. The Commission approved the Agreement as negotiated and requested by the parties.

FINDINGS OF FACT

3 The Commission is an agency of the State of Washington vested by statute with the authority to regulate the rates, rules, regulations, practices, accounts, securities, and transfer of public service companies, including telecommunications companies.

4 Section 252(e)(1) of the Telecom Act requires parties to a negotiated agreement to submit the agreement to the Commission for approval. Section 252(e)(2)(A) states that the Commission may only reject an agreement (or any portion thereof) adopted by negotiation if it finds that:

- (i) the agreement (or any portion thereof) discriminates against a telecommunications carrier not a party to the agreement; or
- (ii) the implementation of such agreement or portion is not consistent with the public interest, convenience, and necessity.

5 MCImetro is engaged in the business of furnishing telecommunications services, including, but not limited to, basic local exchange service within the state of Washington.

6 Verizon is authorized to provide telecommunications services to the public in the state of Washington.

7 The Commission approved an interconnection agreement between the parties on April 3, 1997. The Commission ordered that in the event the parties amended their agreement, the amended agreement would be deemed a new agreement under the Telecom Act and must be submitted to the Commission for approval.

8 On March 7, 2001, the parties filed with the Commission a joint request for approval of a first amendment to the previously approved interconnection agreement, pursuant to the Telecom Act.

9 MCImetro and Verizon voluntarily negotiated the entire amendment.

10 The Amended Agreement does not discriminate against any other telecommunications carrier.

11 The Amended Agreement will facilitate local exchange competition in the state of Washington by enabling MCImetro to expand its presence in the local exchange market and increase customer choices for local exchange services.

CONCLUSIONS OF LAW

12 The Commission has jurisdiction over the subject matter and all parties to this proceeding.

13 The Amended Agreement is consistent with the public interest, convenience, and necessity.

- 14 The Amended Agreement meets the requirements of Sections 251 and 252 of the Telecom Act, including Section 252(e).
- 15 The laws and regulations of the State of Washington, and Commission orders govern the construction and interpretation of the Agreement. The Agreement is subject to the jurisdiction of the Commission and the courts of Washington state.

O R D E R

THE COMMISSION ORDERS:

- 16 The Amended Agreement between MCImetro Access Transmission Services, LLC, and Verizon Northwest Inc., f/k/a GTE Northwest Incorporated, which the parties filed on March 7, 2001, is approved and effective as of the date of this order.
- 17 In the event that the parties revise, modify, or amend the agreement approved in this order, the revised, modified, or amended agreement will be deemed to be a new negotiated agreement under the Telecom Act and must be submitted to the Commission for approval, pursuant to 47 U.S.C. § 252(e)(1) and relevant provisions of state law, prior to taking effect.
- 18 The laws and regulations of the State of Washington and Commission orders govern the construction and interpretation of the Agreement. The Agreement is subject to the jurisdiction of the Commission and the courts of Washington state.

DATED at Olympia, Washington, and effective this 30th day of May, 2001.

WASHINGTON UTILITIES AND TRANSPORTATION COMMISSION

MARILYN SHOWALTER, Chairwoman

RICHARD HEMSTAD, Commissioner
