Puget Sound Energy's  
Electric and Natural Gas Equipment Lease Service****WUTC STAFF DATA REQUEST NO. 021****WUTC STAFF DATA REQUEST NO. 021:**

Please provide a detailed explanation of how the company plans to notify participating customers of their rights and responsibilities under the leasing program. Does the company plan on providing customers with a copy of the applicable filed tariff sheets? What other documents would the company provide to the customer?

**Response:**

Puget Sound Energy's ("PSE") standard practice is to make all approved tariffs available to customers through its website.

For those customers who choose the optional Lease Solutions service, PSE will provide each customer with a full account of the terms and conditions applicable to the lease through either electronic or paper form prior to the customer's acceptance of the service. The Lease Terms and Conditions are included as a separate document that is attached to each executed Equipment Lease Agreement, which is filed as Attachment "A" to Electric Schedule 75.
