RE: Cascade Natural Gas Corp. , Docket UG-170929

TO WHOM IT CONCERNS:

We totally object to the proposed cost increase to residential customers. Why should individual consumers like ourselves and our neighbors bear the brunt of any type of cost increase while the corporate consumers basically keep the same rates that they have now?? This favored treatment for corporate entities is unfair and should not be allowed.

Sincerely yours,

Ida A. VanderMolen

John H. VanderMolen
