RE: DOCKET NO. UT-033044, ORDER NO. 3

Dear Ms. Washburn:

Enclosed, on behalf of Mashell Telecom, Inc. DBA Rainier Connect, formerly Rainier Connect, Inc. are an original and 6 copies of supplemental revised answers to CLEC Questions No. 11, 12, 13 & 14 of the CLEC Questionnaire as requested in Docket No. 033044, Order No. 03.

Highly Confidential answers to Questions No. 11, 13 & 14 are being filed separately as provided for in the Order.

The reason for these supplements is that even though Rainier Connect has just one Central Office Wire Center (Graham, WA), we serve an area that overlaps three different Qwest wire centers. We reported the correct total number of lines in the original questionnaire, but Qwest has pointed out that we should have shown a breakdown for the number of lines in each of the three Qwest wire centers. The supplements provide these breakdowns.

Should you have any questions regarding the attached filing, please contact me by phoning 360-330-5535 or sending email to mark@localaccess.com.

Sincerely,

Mark Carrier,
Manager, Support & Regulatory Affairs
