**NOTICE SUSPENDING PROCEDURAL SCHEDULE**

RE: *In the Matter of the Petition of Puget Sound Energy, Inc. For a Determination of Emissions Compliance and Proposed Accounting Treatment For the Mint Farm Energy Center; or, Alternatively For an Accounting Order*  
Docket UE-082128

TO ALL PARTIES:

On March 19, 2009, the parties in this docket advised the presiding officer that they had reached a settlement. On March 24, 2009, the parties filed a letter with the Washington Utilities and Transportation (Commission) stating that they are in the process of drafting their agreement for filing with the Commission. They anticipate filing their settlement by March 27, 2009, but will advise the Commission if additional time becomes necessary. In the meantime, they ask that the current procedural schedule be suspended.

The current procedural schedule calls for response testimony to be filed on March 27, 2009. Given that the parties expect to file their settlement agreement by that date there is good cause to suspend the schedule as requested.

**THE COMMISSION GIVES NOTICE that the procedural schedule in this proceeding is suspending, subject to further notice or order, as appropriate.**

Sincerely,

DENNIS J. MOSS  
Administrative Law Judge
