Re: Re: Petition of Puget Sound Energy Seeking Authorization to Apply Excess Conservation Savings to Future Decoupling Conservation Target Shortfall Docket Nos. UE-152058 and UE-152042

Commissioners;

The NW Energy Coalition seeks to clarify that our recommendation in the above referenced docket is for the Commission to deny the petition seeking to apply excess conservation savings to future decoupling conservation requirement shortfalls submitted by Puget Sound Energy, for the reasons cited in our earlier communication.

We appreciate staff's advice on submitting this additional clarification.

Thank you for your consideration of our concerns.

Cordially,

/s/ Joni Bosh
