STAFF'S MOTION FOR LEAVE TO FILE SUPPLEMENTAL TESTIMONY AND  
EXHIBITS**

**(Responses Due By 3:00 p.m., Thursday, April 28, 2016)**

RE: *Washington Utilities and Transportation Commission v. Pacific Power & Light Company*, Docket UE-152253

TO ALL PARTIES:

On April 25, 2016, the Commission's regulatory staff (Staff) filed a Motion for Leave to File Supplemental Testimony and Exhibits (Staff's Motion) in the above-referenced docket. Specifically, Staff alleges that Pacific Power & Light Company (the Company) failed to provide a complete response to Staff's data request, propounded on January 27, 2016, until the Company filed its rebuttal testimony on April 7, 2016. The information, Staff asserts, "play[s] an integral role in the analysis of the cost effectiveness of continuing to operate the Bridger plant as a coal-fired resource with [selective catalytic reduction and] is important [for] the record [to] reflect an accurate analysis of what these projections were at the time the Company made its decision to continue with the installations of SCR."<sup>1</sup> Staff also states that, "[b]ecause of the complexity of [Staff's analysis of the additional information], and its basis on Excel spreadsheets, it would not lend itself well to being addressed in live examination at hearing."<sup>2</sup>

**NOTICE IS GIVEN That parties who wish to respond to Staff's Motion for Leave to File Supplemental Testimony and Exhibits must do so by 3:00 p.m., Thursday, April 28, 2016.**
