Re: Notice of Public Comment Hearing for Summit View Water Works, Docket UW-240589

Dear Irrigation Customers,

On July 31, 2024, Summit View Water Works (Summit View) filed a request to adjust irrigation water rates with the Washington Utilities and Transportation Commission (UTC), which may result in a change in the rates on your invoice.

On November 21, 2024, Summit View and Commission staff (Staff) filed a settlement agreement (Settlement) with the Commission resolving all outstanding issues in this proceeding. If the UTC approves the Settlement, new rates may become effective as soon as February 1, 2024.

Summit View has not had a rate adjustment since 2018, but has continued to experience increases in operating expenses over that interval. Set forth below are the adjustments to irrigation customer rates provided by the Settlement:

Irrigation Annual Rates			
	Current	Proposed	% Increase
Base Rate	\$ 343.00	\$ 470.00	37.03%
Per Acre Rate	408.24	710.00	73.92%

Under the Settlement, the Company will provide an alternative billing option for irrigation customers, including an annual rate billed as a monthly subscription. The Commission has the authority to set final rates that may be either lower or higher than the Settlement, depending on the results of its investigation.

You can comment on the case by appearing at the Commission’s public comment hearing, currently set for January XX, 2025, at 6:00 p.m. The public comment hearing is online-only, and you may attend by using the following link or the associated call-in number:
