In the Settlement Agreement of the Company’s most recent General Rate Case, PSE agreed to a partial write-off of the COVID deferral. Deferred costs, savings, and fee revenues were written-off and will no longer be deferred. Further, PSE began recovering the deferral associated with its

customer assistance programs over one year through its electric Schedule 129 under Docket UE-220656. Accordingly, the only costs left that PSE is deferring under the COVID Deferral Dockets is bad debt expense. The Commission approved PSE's amended petition under the COVID Deferral Dockets to allow PSE to extend the time period over which it may defer its bad debt expense through 2023 to accommodate the potential effects of the Commission's extension of the April 1, 2022 date by which PSE was to resume the charging of late fees, reconnection fees and customer deposits. These charges are now suspended until such time that the Commission issues an order adopting rules or otherwise determining the propriety of the fee and deposit rules in Docket U-210800.¹
