

Dear UTC Commission:

My name is Sara Foster.

I want to express my support of the granting of the application to Aqua Express for the Kingston Foot Ferry. I have lived in the Kingston area for 11 years and have commuted to Seattle for all but two of those years. I have just applied for a job in Seattle, and if I get it I will not initially be able to take the Aqua Express round trip, perhaps not at all, because it is a half-day job. Nevertheless, I support the ferry and hope that eventually there are enough runs that returning mid-day to Kingston via this ferry would be possible.

I would also like to add that I have two brothers. One lives in Salem, Oregon and commutes daily to Portland via carpool. My other brother lives in Tokyo. My commute to downtown Seattle averages 1.5-2 hours each way and is longer than either of my brothers'.

Thank you.

Sara Foster
