RE: *In the Matter of the Petitions of Puget Sound Energy for Accounting Orders Regarding the Accounting Treatment for Costs of its Electric Environmental Remediation Program*
Dockets UE-081016, UE-072060, and UE-070724

TO ALL PARTIES:

On October 8, 2008, the Washington Utilities and Transportation Commission (Commission) entered Order 01, Order Granting Accounting Petition (Order 01), in the above reference dockets. Order 01 granted Puget Sound Energy's (Company) request to defer costs incurred in connection with its environmental remediation sites, and required the Company to file quarterly reports for environmental remediation deferrals to include notification of any new remediation sites.

On August 10, 2017, the Company submitted to the Commission its most recent report for the quarter ending June 30, 2017. On September 20, Commission Staff (Staff) notified the Commission that Staff had reviewed the filing and finds that it complies with Order 01.

The Commission has reviewed the compliance filing and accepts it as meeting the terms of Order 01.

Sincerely,

STEVEN V. KING
Executive Director and Secretary
