SUBJECT: Capital Additions

REQUEST:

Please provide the business cases for any plant planned to go into service in 2027.

RESPONSE:

The Company has not yet requested business cases for plant planned to go into service in 2027. Some business cases provided in this proceeding are programs that will continue into 2027, but a full picture of the transfer to plant based on capital spend for 2027 has not been completed, as it was not a part of our originally-filed case.
