Re: Puget Sound Energy, UE-060266

Judge Moss:

The Cogeneration Coalition of Washington was granted leave to intervene in this matter. CCW has determined that it will not participate in the hearings in this matter. CCW has no objection to the Partial Settlement Agreement on Rate Spread filed by the parties on July 25.

Thank you for your consideration. Please let me know if further pleadings are necessary.

Respectfully,

Donald Brookhyser
Counsel for Cogeneration Coalition of Washington
