Subject Re: Docket No. UE-990615 

Kelly,

I have the materials and will put them in the file.

Technically, this is a violation of a commission order. Staff is not taking any action with respect to this violation. We believe that the Company just forgot with all that was happening during that period. In the future, Staff expects the Company will make sure that the documents required by security orders will be filed when available.

Staff also needs the Company to review all its finance applications since this 1999 order to make sure that all Avista has complied with all the security orders outstanding. If anything is missing, please prepare a transmittal letter identifying the missing document in each docket and I will make sure the formal files are complete.

Thanks for taking care of this matter.

Subject Docket No. UE-990615

Kelly,

I have the formal file for this docket. It was the Company's application for authority to issue \$400 million of debt.

Ordering paragraph #2 requires Avista to file certain reports and documents. Unfortunately the file does not contain these items required by the order.

Please provide copies of the transmittal letter and associated reports and documents the

Ken Elgin

Company submitted as required by the order. I will then be able to make sure the file is complete.

I am sorry for the inconvenience this may cause.

Thanks

Ken Elgin
