**Subject:** PSE buyout by Macquarie Consortium reference Seattle PI article of 10 -27-07

11-4-07

Washington Utilities and Transportation Commission:  
Chair: Mark Sidran,

Dear Mark:

reference my email of 11-1-07

The point I want to address is that it does not seem right for foreign interests to be buying up our countries infrastructure. Your office should be protecting our basic services from buy-outs by these foreign investors, especially when their targets are "monopoly type" concerns like toll roads and utilities where there is no competition.

Bill
