To: WA Utilities and Transportation
Commission
1300 S. Evergreen Park Dr.,S.W.
Olympia,WA 98504

2010 DEC 30 AM 8:09

Response to inspection, conducted on September 20,2010.

Mt. Vernon Terrace has always complied and will continue to do so with the Federal (49CFR 192) and State WAC (480-93) rules. After the inspection we hired Ray Allen to update and add Operation and Maintenance Guidance For Master Meter Gas Distribution Systems, according to new rules. We're sending you copies of the updated materials. We have never had failure or defective devices which is why we cannot provide you with the incidents reports at this time. If you have any comments or questions please contact us at (509) 999-5366.
