**Subject:** letter of intent

Patty,

This is to let you know that our intentions are to cost out the price of replacing the existing pipe and have Avista come in an meter these units separately thus removing us from a master meter system.

We are waiting on two contractors for bids to dig the ditches, and Scott N Son's bid to connect units to meters once Avista installs them. All of this would take place in the spring once we were able to start digging. Of course once we know the final cost, we can evaluate which is the most cost effective way and safest way to proceed.

If you need any more information please let me know so I can get that to you.

Thank you for your time.

Sincerely

**Robert Milliron, ABR, CNHS**
