Attachments: Completion Notification Letter.doc; Physical Completion Letter - eff 4-27-12.pdf; Completion Photos for WUTC 7-17-12.pptx

Hi Kathy,

Please find attached a completion notification letter, a hard copy of which went out in yesterday's mail. As indicated in the attached physical completion letter, the project reached physical completion on April 27, 2012. Substantial completion was reached in December 2011.

In case it may be helpful, I've also attached some photos of the crossing. The order indicates you may want to also inspect the crossing. Please contact me should you require assistance with that.

Thank you, Kathy, for your initial assistance in getting this process going. Please contact me should you have further questions or need additional information.

Thanks again.

Troy

*Notification of Completion of Crossing USDOT: 923008E
a Pedestrian Only at Grade Rail Crossing*

Dear Ms. Hunter:

In accordance with Item h of the order for the subject crossing (in Docket TR-110492), please be informed that the construction of the crossing is complete. Physical completion of the project was obtained on April 27, 2012, as noted in the attached physical completion letter.

Photographs of the completed crossing are being sent separately in electronic format. I understand that the crossing is also subject to inspection by Commission staff.

Thank you. Please contact me if you require inspection assistance or if you have questions or need additional information. I can be reached by phone at (360) 397-6118 extension 4403, or by email at troy.pierce@clark.wa.gov.

Sincerely,

Troy Pierce

SUBJECT: Physical Completion of Project

Gentlepersons:

This is to record the project's physical completion. I have selected 4/27/12 as the date of physical completion. We had been waiting for the bike/pedestrian signs to be exchanged as the last bit of physical work. The selected date represents our record of initiating payment for the remaining signs, including said bike/pedestrian signs.

If you have any questions, please call me at (360) 397-6118 ext. 4946.

Sincerely,

Glen Bedell, P.E.
Construction Engineer
