PUGET SOUND ENERGY
Electric Tariff G

SCHEDULE 261
ELECTRICITY ENERGY EFFICIENCY PROGRAM
Energy Efficiency Technology Evaluation

1. **AVAILABILITY:**
To any Customer, owner, or tenant with appropriate owner consent, of a residential, commercial or industrial facility receiving Electric Service under Schedules 7, 7A, 24, 25, 26, 29, 31, 40, 43, 46, 49, 448, 449, 458 or 459 (or their equivalent) of Electric Tariff G of the Company. (T)(N)
| (N)
(T)
2. **MEASURES:**
The Company will identify and evaluate new Measures that are significantly different from those already qualifying for funding under other schedules, have significant cost-effective energy savings potential, and are readily available in the marketplace.
3. **ANALYSIS:**
The Company will review engineering literature and draw on experience and research of others to identify potential candidate Measures. Energy efficiency of new technologies, products or applications must be based on accepted engineering or scientific principles. Energy savings must be quantifiable using generally accepted engineering calculations. Preliminary calculations must show reasonable expectation that the Measure will meet cost-effectiveness criteria, as outlined in Schedule 83.
4. **SERVICES:**
The Company may evaluate actual Measure performance through a variety of methods. The Company may work with Customers, owners or tenants to demonstrate Measure performance using Customer, owner or tenant installations. Based on evaluation results, a Measure may be approved for residential or non-residential incentive programs. (C)
5. **FUNDING:**
The Company may provide incentives of up to seventy percent (70%) of the installed Measure Cost, plus additional funding for measurement and evaluation. There is no guarantee of savings or product suitability. This program is not subject to achieving energy savings sufficient to demonstrate cost effectiveness in the short term. (N)
(N)

Customers on Schedules 40, 46 and 49 who are eligible for participation in the Schedule 258 Large Power User Self-Directed Program shall be required to fully utilize their Schedule 258 funding allocation prior to receiving incentives under Schedule 261. Funding for incentives under Schedule 261 for Customers on Schedules 448, 449, 458 and 459 will be through their individual allocations under Schedule 258. (N)

Original Sheet No. 292-a

PUGET SOUND ENERGY
Electric Tariff G

SCHEDULE 292
ELECTRICITY ENERGY EFFICIENCY PROGRAM
Company-Owned or Operated Facilities

(N)

6. SOURCE OF FUNDING:

Funding is subject to Company-approved savings estimates and analyses. Project funding will be based on the Company's Energy Efficiency Cost-Effectiveness Standard. The Company's cost of implementing these services may reasonably be expected to result in achievable cost-effective energy savings using a Total Resource Cost Test. The costs incurred by the Company for:

- a. Measure assessment, preparation of savings estimates, preparation of cost effectiveness calculations, preparation of performance specifications, verification, tracking and reporting, but no incentive or rebate for the cost of Measure equipment purchase or for installation or implementation except as provided in b. below; and
- b. Using contractors or service providers to implement cost-effective Measures in generation or Distribution facilities;

will be recovered through electric rates set in a future general rate proceeding, including costs incurred for the installation cost for Measures installed or implemented by Company employees .

7. SCHEDULE 83:

Service under this schedule is subject to the provisions of Schedule 83, Electricity Conservation Service, contained in this tariff, except that funding for this Electricity Energy Efficiency Program will be through general rates for electric service rather than through Schedule 120.

8. GENERAL RULES AND PROVISIONS:

Service under this schedule is subject to the General Rules and Provisions contained in this tariff.
