SUPPORT STATEMENT

(To be completed by the individual or business/organization supporting the request for operating authority)

THE TRANSPORTATION NEED Briefly describe the transportation service that you need and that the application could provide to you or your business/organization if this request for operating authority is granted. I travel during many parts of the year from my home in Rock Island to Sertac Airport, where I continue my journey by airplane. On many occasions the air carrier to and from the Wenatchee airport have left me stranded when they cancel flights or are not able to operate due to poor weather. I need a reliable form of transportation from the Wenatchee area to Sertac airport, and back.

Are your transportation needs being met now? Yes ___ No If not, explain problems you have experienced. Please see above. In addition the prices to fly the short distance from Wenatchee to Sertac are disproportionately high. I can't afford to fly this leg of my journey. Due to the high ticket prices, I often have to drive myself to Sertac. This application and service would definitely provide the needed transportation at an affordable price. Gas prices are high.

If the request is denied, would it have any affect on you or your business/organization: Yes No ___ If yes, please explain. I travel almost exclusively for business. If this application is denied, it will require me to continue to drive myself or fly (when the airlines are operating their planes). Both options are far too expensive for my small business to afford. With increasing gas prices I need a more economical option.
