ERRATUM TO ORDER 01

Re: *In the Matter of the Petition of Washington & Idaho Railway, Inc.*
Docket TR-121302

TO ALL PARTIES:

On August 21, 2012, the Washington Utilities and Transportation Commission (Commission) entered Order 01, Order Granting Petition to Modify Highway-Rail Grade Crossing Active Warning Devices and Authorizing Expenditure from the Grade Crossing Protective Fund, in the above-referenced matter. It came to the attention of the Commission that the order and project agreement contain an incorrect project completion date. This errata notes and corrects the following errors:

Subsection (4) of paragraph 11 of the Order states an incorrect project completion date of July 15, 2013. The correct completion date is **June 15, 2013**.

Section D – Period of Performance in the Project Agreement states that the project reimbursement period ends July 15, 2013. The correct date is **June 15, 2013**.

Sincerely,

DAVID W. DANNER

Executive Director and Secretary
