**RE: Interconnection Agreement between Frontier Communications Northwest Inc. and LightSpeed Networks Inc., dba LS Networks, Docket No. UT-123007**

Dear Mr. Danner,

We received your letter dated July 19, 2012 stating that we were tardy in filing the above agreement within 30 days of signature. Our President and CEO Michael Weidman signed on February 28, 2012 and Frontier's representative Stephen Levan, Senior Vice President of Carrier Sales signed March 30, 2012. Frontier mailed the agreement and signed last.

LS Networks has complied with the requirements of WAC 480-07-640. As Frontier was the final signatory it appears you should contact Frontier Communications Northwest for further information.

I trust this closes the matter for LS Networks. We look forward to a long and positive relationship with the Washington Utilities and Transportation Commission.

Best regards,

A handwritten signature in black ink, appearing to read 'Michael Weidman', written over a horizontal line.

Michael Weidman  
CEO and President
