

**Rule 14
GENERAL RULES AND REGULATIONS – LINE EXTENSIONS**

- II. **RESIDENTIAL EXTENSIONS:** (continued)
- C. **REMOTE SEASONAL SERVICE:** (continued)

2. **ADDITIONAL APPLICANTS:**

During the first five years after the Company completes the Extension, each of the next three Applicants must pay an allocated share of the original Customer's contribution. The Company will determine these shares taking into account: (a) how much of the original line the new Applicant shares; (b) the load sizes of the Applicant and the existing Customers; and (c) the advances of the existing Customers. The Applicant must pay this allocated share before the Company will provide service. The Company will refund this share to the existing Customers.

Additional Applicants must also pay their proportionate share of the Contract Minimum Billings of the existing Customers. The Company will allocate the Facilities Charges in the same manner used for allocating the original advance.

The Applicant also must pay the estimated cost of any facilities exceeding the Extension Allowance.

D. **THREE PHASE RESIDENTIAL SERVICES:**

Where three phase Residential Service is requested, the Applicant shall pay the difference in cost between single phase and three phase service.

E. **TRANSFORMATION FACILITIES**

When an existing residential Customer adds load, or a new residential Customer builds in a subdivision where secondary service is available at the lot line, either by means of a transformer or a secondary junction box and the existing transformation facilities or service conductors are unable to serve the increased residential load:

1. The facilities upgrade shall be treated as a standard line extension if the Customer's demand exceeds 25 kVA, or if the facilities serve only that customer. ~~the name plate rating of the existing facilities:~~

1.2. The facilities upgrade shall be treated as a system improvement and not be charged to the Customer if the Customer's demand does not exceed 25 kVA and the facilities are shared by two or more customers. ~~the name plate rating of the existing facilities.~~

EE. **UNDERGROUND EXTENSIONS:**

The Company will construct an Extension underground when requested by the Applicant or if required by local ordinance or conditions. The Applicant must pay for the conversion of any existing overhead facilities to underground, under the terms of Section VI of this Rule. The Applicant must provide all trenching and backfilling, imported backfill material, conduits, and equipment foundations that the Company requires for the Extension. If the Applicant requests, the Company will provide these items at the Applicant's expense.
